

# Bikotronic Online App

The Bikotronic Online app ensures that you are well informed at all times and everywhere. Regardless of whether you use an iOS, Android or Windows device, the app gives you constant access to important data and up-to-date information. You receive detailed insights into material consumption, ongoing production and status reports that keep you up to date on the current status of your systems.

In addition, the app enables comprehensive monitoring of hygrometer logs so that you can keep an eye on the ambient conditions at all times. Log files documenting important system events and error logs can also be called up at any time. With the Bikotronic Online app, you always have all the relevant information at your fingertips, no matter where you are, so you can react more quickly and effectively to changes.
